REPORT
ON
WORLD NATURE CONSERVATION DAY 2023
DATE: 28. 07. 2023

The Youth Red Cross of our college observed World Nature Conservation Day on 28th July 2023. Great initiatives are taken on that day to educate students about the importance of the environment. On this special day, YRC has organized various competitions to the students at Open auditorium. The event started with an introduction declaring the rules governing the event. Time allotment of each event was also declared by programme officers of YRC. The students were given various activities to prove out their artistry in essay writing, poetry writing, poster making and drawing competitions. The duration given for the participants was 2 hours 30 minutes i.e. between 12: 00 pm and 2: 30 pm. A great opportunity was provided to all the budding artists of this college. Almost, there were around 150 students participants. The day was an engaging day, filled with lots of learning and creativity. Winners and runners were selected by the Judgment panel. Finally Prizes were awarded to the best performances. The event was a great success in providing a chance to prove student's artistry. All these memories were captured finally by organizing a photo session with volunteers and participants at the end of the Programme. Heartfelt gratitude to all souls who supported this event.
