

DKM COLLEGE FOR WOMEN [AUTONOMOUS],VELLORE-1.

BASIC PSYCHOLOGY – I

B.SC PSYCHOLOGY – I YEAR

UNIT-I INTRODUCTION

2 Marks Questions

1. What is psychology?
2. What is reliability?
3. What is validity?
4. What is structuralism?
5. What is functionalism?
6. What is psycho analysis?
7. What is behaviourism?
8. Mention any two scopes of psychology.

5/10 Marks questions

1. Origin of psychology.
2. Roots of psychology.
3. Scientific methods of psychology.
4. Goals of psychology.
5. Scope of psychology.

UNIT-II SENSATION AND PERCEPTION

2 Marks Questions

1. What is sensation?
2. What is perception?
3. What is attention?
4. Mention the factors affecting attention.
5. State the characteristics of perception.
6. What is constancy?
7. Mention the errors in perception.
8. State the characteristics of attention.

5 Marks Questions

1. Explain signal detection theory.
2. Explain sensory coding.
3. Explain constancy.
4. Explain error in perception.
5. Explain extra sensory perception.

10 Marks Questions

1. Explain attention and processing of information.
2. Explain Gestalt organising principles.
3. Explain error in perception.

UNIT –III THINKING

2 Marks Questions

1. What is thinking?
2. What is creative thinking?
3. What is problem solving?
4. What is reasoning?
5. What is decision making?
6. What is language?
7. Mention the functions of language.
8. Mention the basic components of language.

5 Marks Questions

1. Explain the elements of thought.
2. Explain concept its types and process.
3. Explain the process of thought.
4. Explain the basic components for the development of language.

10 Marks Questions

1. Explain language and its development.
2. Explain thinking and its process.
3. Explain the nature and stages of thinking.

UNIT – IV LEARNING

2 Marks Questions

1. What is learning?
2. What are the characteristics of learning.
3. What is associate learning?

4. What is cognitive learning?
5. What is operant conditioning?
6. What is imitation?
7. What is punishment?

5 Marks Questions

1. Explain imitate learning with an example.
2. Explain reinforcement and its types.
3. Explain classical conditioning.
4. Explain operant conditioning.

10 Marks Questions

1. Explain the theories of learning.
2. Explain classical conditioning and its laws.
3. Explain cognitive learning.
4. Explain operant conditioning.

UNIT – V MEMORY

2 Marks Questions

1. What is memory?
2. What is forgetting?
3. What is encoding?
4. What is storing?
5. What is retrival?
6. What is sensory memory?
7. What is working memory?
8. What are sensory registers?

5 Marks Questions

1. Explain the process of memory.
2. Explain forgetting and its theories.
3. Explain th types of memory.
4. Explain various memory techniques.

10 Marks Questions

1. Describe the three stage model of memory.
2. Explain the theories of memory.
3. Explain the memory building techniques
