

D.K.M COLLEGE FOR WOMEN (AUTONOMOUS),VELLORE-1.

B.SC PSYCHOLOGY - II YEAR
LEARNING DISABILITIES

UNIT – 1 INTRODUCTION TO LEARNING DISABILITY

2 Marks Questions

1. Define learning disability
2. What is ADHD
3. What is DSM
4. What is neuron
5. What is synapses
6. What is dendrites

5 Marks Questions

1. Describe the two important medical aspect of learning disability
2. Enumerate the various causes of LD.
3. Explain the theoretical perspectives of LD

10 Marks Questions

1. Elucidate the history of learning disability
2. Discuss the assessment of learning disability children

UNIT – II CHARACTERISTICS OF STUDENTS WITH LEARNING DISABILITY

2 Marks Questions

1. What is cognition
2. What is pragmatics
3. What is semantics
4. Who is adolescent
5. Who is adult
6. What is dyslexia

5 Marks Questions

1. Explain the characteristics of students with learning disabilities
2. Discuss the personality behavior of students with LD
3. Discuss the emotional and social characteristics of students with LD

10 Marks Questions

1. Explain the cognition and language characteristics of students with LD.
2. Explain the characteristics of adolescents and adults with LD

UNIT –III 2 Marks Questions

1. What are Behavioral Modification Technique (BMT) or Behavioral instructional approaches?
2. What are positive consequences?
3. What are the types of positive consequences?
4. Write a note on positive reinforcement.
5. What is token economy?
6. What are the different types of token economy?
7. Give a hint on behavioral contract.
8. What is time out procedure?
9. What are the different types of time out procedure?
10. Give a short note on extinction procedure.
11. What is precision teaching?
12. What do you mean by direct instruction?
13. Give a short note on reciprocal teaching.
14. What is self monitoring?

5 Marks Questions

1. Elaborate positive consequences.
2. Explain negative consequences.
3. Write a brief note on types of token economy.
4. Explain the different types of time out procedure?
5. Enumerate behavioral contract.
6. Explain strategy instruction and its types.
7. What is reciprocal teaching and how it is applied in classroom.
8. Elaborate self monitoring in detail.
9. Define direct instruction. What are the behavioral principals of direct instruction?
10. Define precision teaching and its benefits.

10 Marks Questions

1. Discuss in detail about Behavioral Modification Technique (BMT) or Behavioral instructional approaches.
2. What are the goals, steps, applications of reciprocal teaching?

3. Explain the metacognitive approaches in detail-Learning and unspecific cognitive strategies.

UNIT -IV

2 Marks Questions

1. What is peer tutoring?
2. What is the aim and benefits of cooperative instruction?
3. What is Jigsaw method?
4. Define attribution training.
5. State any two benefits of attribution training.
6. What is biofeedback technique?
7. What is relaxation training?
8. What is the role of a teacher in relaxation training?
9. Write any two merits and demerits of biofeedback technique.
10. What is visual perceptual training?
11. What are Irlen lenses?

5 Marks Questions

1. Write a short note on cooperative instruction and its benefits.
2. Elaborate biofeedback and relaxation training.
3. Write a short note on
4. Visual training
5. Auditory-perceptual training
6. Multisensory instructional approaches
7. Write a note on patterning or neurological reorganization.
8. Write in detail about Chiropractic interventions.

10 Marks Questions

1. Discuss in detail about peer tutoring.
2. Enumerate attribution training.
3. What are the various biochemical approaches?

UNIT - V EMERGING ISSUES IN LEARNING DISABILITY

2 Marks Questions

1. What is self contained classes

2. What is resource room
3. What is main streaming
4. Who is MR child
5. What is computer assistive technology
6. Name some advance technology using for LD students

5 Marks Questions

1. Write short note on preschool service
2. Explain the various types of resource room
3. Describe the emerging issues in LD
4. Write the advantages and disadvantages of mainstreaming
5. What are the preparation steps to be followed by a teacher for LD students

10 Marks Questions

1. Explain the various types of educational placement of students.
2. Discuss how the advance technology help the Learning disability students for their academic development
