## **PRINCIPAL MESSAGE**

The Pandemic was a period of dark despair and fear but at the same time it was also spangled with rare displays of human kindness and will power. It brought mankind's resilience to the fore front as is visible from all the efforts that came in from different sectors, trying to salvage normalcy. The efforts of the teaching fraternity deserve a special mention here who pushed their limits in an attempt to educate a generation who stood the risk of losing a sizeable chunk of the formative period of their lives. In this context, the hard work of the DKM faculty is laudable and the Newsletter is a standing testimony to their tenacity. I seize this opportunity to applaud the team for their tireless efforts to bring out this issue of the Newsletter despite obstacles. The Newsletter records the fact that the Pandemic did not succeed in paralyzing the educative endeavour that DKMC is part of and I proudly acknowledge it here. Best wishes and Prayers for future issues of the Newsletter.

Best Wishes,
