

**STUDENT
INDUCTION
PROGRAMME
2019- 2020**

REPORT OF THE PROGRAMME

In the second session of the second day of the student induction program Ms V.P. Gayathri Head, Department of English spoke to the students on the purpose behind conducting the SIP. She also spoke on languages in general and the importance of learning a language, particularly English. She highlighted that learning a language is a continuous process by debunking certain popular myths regarding

learning a language. She listed out some language learning strategies concluding that a language is learnt when it is used constantly in real time.

Mrs. M. Gayathri, Assistant Professor, Department of English showed the students that learning a language can be fun by engaging the students in various games, puzzles, teasers and tongue twisters. The students responded enthusiastically and even the students who were shy also managed to overcome their fear and actively involved themselves in the proceedings and they were also made to feel at home.
