DEPARTMENT OF BOTANY

Awareness Programme 2020-2021

Department of Botany was organized Awareness Programme on 23.02.2021 in Botany Lab from 01.00 p.m to 2.00 p.m.

Chief guest Mrs.K.Gowthami, Assistant Professor and Head Department of Foods and Nutrition, DKM College (A) Vellore-1.

Department of Botany organizes awareness programme on “Siruthaniya unavugal”. Millets are a group of highly variable small-seeded grasses. They were widely grown around the world as cereals for fodder and human food. So, Students were instructed to bring and eat foods which are made up of Millets. Monthly once during lunch break students were shared and ate the whole grain foods like ragi kali, ragi dosa, sola adai, idli, Tinai , Kambu dosa, Varagu rice etc.

Awareness Programme on “Siruthaniya unavugal” - 23.02.2021
