

## 1. GUEST LECTURE

Department of Chemistry has conducted special guest lectures on 31<sup>st</sup> August, 2018 by **Professor R. Asokamani, Ph.D., FASCh.,** Secretary, The Academy of Sciences, Chennai, Department of Nuclear Physics, University of Madras, A. C. College Campus, Chennai - 600 025.

210 students, research scholars and faculties from the Department of Chemistry, Biochemistry and Microbiology have actively participated in this special lecture. The inauguration of this special lecture program started with the prayer song. Welcome address and introduction of Chief guest was given by

Dr. M. Nagarathianm, Head & Associate Professor of Chemistry, D.K.M College for Women.

Professor R. Asokamani delivered a lecture on **“CHEMISTRY AND PHYSICS OF OXIDE SUPERCONDUCTORS”**. He started the lecture by explaining the concepts of inventions and discoveries in chemistry by various Scientists.

He talked about superconductors and oxides of superconductors which was very interesting. He described about the importance of Physics and Chemistry in day to day life and also motivated the young science students towards research. This session was very interesting and informative. The program ended with National Anthem.
