**NATIONAL DEPRESSEION SCREENING  
DAY 2023**

**05.10.2023 TO 10.10.2023**

# D.K.M COLLEGE FOR WOMEN[AUTONOMOUS], VELLORE-1

## DEPARTMENT OF PSYCHOLOGY

### NATIONAL DEPRESSION SCREENING DAY 2023

#### Program Objective:

A Google form has been created as a self-screening strategy for every attendee to know about their mental health status.

**Date : 05.10.2023 till 10.10.2023**

**Circulation of self-screening form : Google forms**

**No: of attendees : 75 members**

#### Report:

Like screenings for other illnesses, depression screenings should be a routine part of healthcare. Screenings are not a professional diagnosis. Screenings only point out the presence or absence of depressive symptoms and provide a referral for further evaluation if needed.

With these indications, we have prepared a google forms with **standard PHQ-9 (Patient Health Questionnaire-9) depression created by Dr. Kurt Kroenke as a self-administered diagnostic tool to screen their depression status.** Scoring was not given for the questionnaire, instead we have just made the attendees to be self-aware of their everyday events and take corrective measures. Nearly 75 attendees have taken up the self-administered google forms on depression screening between 5.10.2023 till 10.10.2023 in the following google form link.
