Venue: D.K.M College for Women (Autonomous), Vellore

Report

As per the instruction of the commanding officer 31 cadets and ANO of the D.K.M College for Women(Autonomous), Vellore watched live telecast of Mission LiFE launch programme. After the programme they discussed on the subject and they also took a pledge to follow environment friendly activities.

Prime Minister Narendra Modi launched Mission LiFE (Lifestyle for Environment) on 20.10.2022, in the presence of the UN Secretary General António Guterres, at the Statue of Unity, Ekta Nagar, Gujarat. First proposed by the Prime Minister at COP 26, Mission LiFE is envisioned as an India-led global mass movement that will nudge individual and collective action to protect and preserve the environment.

The Prime Minister and UNSG unveiled the LiFE logo and tagline, and released the Mission Document at the event. Union Minister of External Affairs Dr S. Jaishankar and Chief Minister of Gujarat Bhupendra Patel were also present at the event.

Addressing the gathering, the Prime Minister highlighted the importance of unity in the fight against climate change. He pointed towards the prevailing notion that climate change is an issue related only to policy and highlighted that climate change goes beyond only government responsibility and needs contributions from individual, families and communities. Mission LiFE is designed with the objective to mobilise at least one billion Indians and other global citizens to take individual and collective action for protecting and preserving the environment in the period 2022 to 2027. Within India, at least 80% of all villages and urban local bodies are aimed to become environment-friendly by 2028.
