REPORT ON “CANCER AWARENESS”

D.K.M. College for Women (Autonomous), Vellore, PG and Research Department of Biochemistry in Association with Department of Oncology, Hematology and Hemato – Oncology Nursing, CMC, Vellore, organize an "Awareness Programme on Cancer" on 2nd February 2024, at the D Block Conference Hall from 2:30 PM to 4:45 PM. The performance of "Silent prayer" opened the programme. Dr. B. Hebsibah Elsie, Assistant Professor, Department of Biochemistry, welcomed the gathering and the chief guest a heartfelt greeting to the ceremony. Following the introductory remarks, the session is turned over to the chief guest, Mrs. Amala Lucas, Professor & Head, Hemato – Oncology Nursing, CMC, Vellore. The presentation has highlighted about Cancer awareness is the key to early detection and better health-seeking behavior. The Chief Guest went into more detail on causes of cervical cancers, warning signs and common symptoms associated with the cancer. The process for cancer screening is an important preventive measure in cancer control was clearly described by her. The Chief Guest was emphasized about the various cancer vaccines which are available in the market.

Along with Cancer Awareness Programme, “Blood donation Awareness Talk was also given by Dr. Sheela, from Blood Bank, CMC-Vellore. In her talk she specified the importance of Blood transfusion as a life sustaining and life saving procedure as a form of therapeutic phlebotomy as a primary medical investigation. She also emphasis the benefits of blood donation, such as the ability to save lives, potential health benefits and emotional rewards.

A skit about cancer diagnosis and prevention was presented by doctors and their coworkers. A total of 155 students from the Biochemistry and Biotechnology department were participated in this programme. Every student engaged with the principal visitor and participated fully. After her brief PowerPoint presentation, the pupils had a solid understanding of cancer. At the conclusion of the programme, Dr. V. Prabha, Head and Assistant Professor of Biochemistry, offered a vote of gratitude to all those who had contributed and attended the awareness programme. The national anthem heralded the program's exciting finale.
