REPORT ON SCIENCE WEEK – SEMINAR ON IPR

Programme objectives

1. The purpose of a seminar is to enable students to improve their knowledge and understanding of topic by engaging with key issues - participation is therefore necessary and successful participation involves preparation.
2. To provide incentives to create and serve the interests of the public by promoting economic growth. It seeks to protect the rights of IP owners to enable them to reap the rewards of their creativity.
3. To create awareness about IPRs, especially patents and copy rights among faculty members of DKMC, to guide researchers/inventors in respect of patenting their inventions & to provide insight into practical applications of IP such as patent drafting, patentability search and freedom to operate search, validity/invalidity search, and evidence of use analysis.

Programme outcome

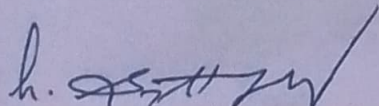

1. The seminar creates awareness of Intellectual Property Rights(IPR) among participants with special reference to patenting.
2. Participants will be given knowledge of patent-related terminologies.
3. The technical session started with the basics of IPR, its various categories & do's and don'ts of copyrights.
4. Resource person expressed hope that the participants would continue deliberating the issues in future on the current issues IPR.

National Science Day is celebrated every year on 28th February to mark the discovery of the 'Raman Effect' by Sir C.V. Raman in the year 1928. It was this discovery that got Sir C.V. Raman a Nobel Prize in Physics in 1930. The National Council for Science and Technology

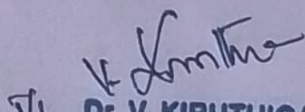

Communication (NCSTC) requested the Central Government to designate 28th February as National Science Day (NSD) in 1986. It was done with a view to honour not just the achievements of Sir C.V. Raman but also of other scientists for their achievements in the scientific field. The NSD is celebrated to spread the message about the significance of science and how it improves the daily lives of the common folk.

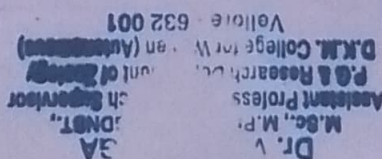

Based on this every year, the Department of Computer Science and Applications, in conjunction with the DKMC - MHRD - IIC & DST - FIST Instrumentation Centre celebrated a Science week. It was celebrated on 27th February 2024, Department of Computer Science and Applications organized seminar on Intellectual Property Rights(IPR) to the college and school students at D Block Conference Hall, from 10:00 am to 1:00 pm. The programme began with Tamilthai vaazhthu. Mrs. G. Sangeethalakshmi., M.S (I.T),M.Phil., Head & Assistant Professor, Department of Computer Science and Applications gave the welcome address. Dr. R. Banumathy, M.A., M.Phil., Ph.D., Principal, DKMC, felicitated the gatherings. The Students from N.K.M. Higher Secondary School were actively participated in this Seminar.

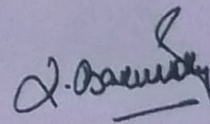

Chief Guest Dr. R. Hamsaveni talked about Invention and Innovation then given the detail about how to file the patent and students to improve their knowledge, understanding of topic by engaging with key issues. She gave real time examples and extended her talk by seeks to protect the rights of IP owners to enable them to reap the rewards of their creativity. It helped to guide the faculty members, students about parenting their invention, patent drafting, patentability search and freedom to operate search, validity/invalidity search, and evidence. She talked about Young scientist award. The event was concluded with a vote of thanks by Mrs. G. Sangeethalakshmi., M.S (I.T),M.Phil., Head & Assistant Professor, Department of Computer Science and Applications. The program ended on patriotic note by singing of the national anthem.
