**Report on  
NATIONAL POLLUTION PREVENTION DAY**

**Organized by**

**MHRD-INSTITUTION'S INNOVATION COUNCIL (IIC)**

**&**

**DEPARTMENT OF CHEMISTRY**

MIRD-IIC, DKMC, Vellore

Name of the Programme	:	NATIONAL POLLUTION PREVENTION DAY Topic: Pollution Control: Protecting the Planet for Future Generations
No. of Beneficiaries	:	147
Date	:	02-12-2024
Time	:	11.00 AM
Venue	:	d-Block Conference Hall

### INVITATION

**D. K. M. COLLEGE FOR WOMEN (AUTONOMOUS), VELLORE-1**  
**(ACCREDITED BY NAAC WITH 'A' GRADE)**

**PG & RESEARCH DEPARTMENT OF CHEMISTRY**  
&  
**MHRD-INSTITUTION'S INNOVATION COUNCIL (IIC)**

**CELEBRATES**  
**NATIONAL POLLUTION PREVENTION DAY**  
**ON**

*Venue: D Block Conference Hall*      **02.12.2024**      *Time: 11.00 am*

**Chief Guest**  
**Dr.R. Arunadevi, M. Sc., M.Phil., Ph.D.,**  
**Assistant Professor,**  
**Department of Chemistry,**  
**D.K.M.College for women, Vellore-1.**  
**ALL ARE CORDIALLY INVITED**

## REPORT ON "NATIONAL POLLUTION PREVENTION DAY"

### Programme objectives:

- To promote awareness and action on pollution prevention.
- To educate participants about pollution prevention methods.
- To highlight the importance of sustainable practices in daily life.
- To encourage active involvement in reducing environmental pollution.

### Programme outcomes:

- Gained awareness among participants about pollution prevention strategies.
- Learnt to adopt sustainable practices.
- Learnt to Formation of an action plan for the college to implement eco-friendly policies.

The MHRD-Institution Innovation Cell and the Department of Chemistry at D.K.M. College for Women organized an awareness program on "**National Pollution Prevention Day**" on 2nd December 2024, at 11:00 a.m. in the D-Block Conference Hall. The event began with a warm welcome address by Dr. S. Santha Lakshmi, Head and Associate Professor of Chemistry, as well as the IIC President, followed by an introduction of the guest speaker by Dr. N. Dhanam, Assistant Professor of Chemistry.

Dr. R. Arunadevi, Assistant Professor of Chemistry, served as the resource person and delivered an insightful lecture on "**Pollution Control: Protecting the Planet for Future Generations**". In her presentation, Dr. Arunadevi explained various aspects of pollution, focusing on the importance of minimizing environmental harm by reducing waste, emissions, and the use of hazardous materials. She emphasized the significance of National Pollution Prevention Day and encouraged students to actively participate in pollution control initiatives. Dr. Arunadevi motivated the audience to engage in innovative research in environmental sciences, aiming for a healthier, cleaner, and more sustainable future for both present and future generations.

Dr. Arunadevi provided a comprehensive explanation of pollution principles, types, waste management strategies, energy conservation, and the use of eco-friendly products. She also discussed ways to control pollution, such as reducing exposure to harmful substances like toxins and chemicals that can lead to respiratory diseases, cardiovascular issues, and other health problems. Additionally, she highlighted the importance of preserving ecosystems, reducing greenhouse gas emissions, and mitigating the effects of global warming through proper waste management and pollution control practices.

The resource person also stressed that a pollution-free environment contributes to greater productivity, fosters eco-friendly industries, and supports economic stability. Furthermore, cleaner

surroundings promote mental and physical well-being, enhancing the overall quality of life. Dr. Arunadevi also discussed government environmental regulations, emphasizing that pollution control is not only a legal necessity but also an ethical obligation for both industries and individuals. The program was interactive, educating participants on how to prevent air, water, and soil pollution, as well as the harmful effects of plastic and ways to reduce its usage. The session successfully nurtured a culture of environmental responsibility, demonstrating that small individual efforts can collectively lead to a significant reduction in pollution. A pledge was taken by the participants to continue their efforts in promoting a sustainable, pollution-free environment.

The session concluded with a vote of thanks by Dr. S. Sashikala, Assistant Professor in the Department of Chemistry. Feedback from participants was collected through a Google Form to gather insights and suggestions for future events.
